

Why Join the Chamber?

Membership tells our community that you care about its present condition and future goals. Being a local business owner, you depend on a strong local identity and a need to consistently remind the community that you have products and/or services to offer. The Chamber supports you in all these efforts. There are real and tangible benefits to Chamber Membership.

Continued support from the Chamber is here to help build and strengthen your organization. Besides the unique and profitable events that our Chamber holds, we also offer our members a number of networking and business tools to improve or maintain business.

In addition, the Chamber is a powerful conduit for contact with the City. As an advocate for the local businesses, issues and concerns get direct attention with both City Staff and elected officials. We enjoy a great relationship with the City, and work to keep those lines of communication and support open and active.

Mission Statement

"The Grover Beach Chamber of Commerce is proud to be the catalyst providing professional leadership for the development and promotion of the local business community, as it works to enhance the well being of its residents and visitors."
